MEMORANDUM FOR THE RECORD

SUBJECT: H. R. 13008

STATINTL

1. Met briefly with Mr. Robert Wattles, Director of Personnel, and [REDACTED] Special Assistant to the DDS, concerning H. R. 13008, a bill to improve position classification systems within the executive branch.

2. Mr. Wattles advised that at the time he suggested the meeting he was concerned that the Agency not be caught unaware if consideration of the bill develops in the Congress and executive branch. Since that time, however, he has met with members of a governmentwide steering committee to plan the fall meeting of Federal personnel directors sponsored by the Civil Service Commission. Mr. Seymour Berlin, on the Civil Service Commission staff, the program chairman for the fall conference, is now checking with the Civil Service Commission the question of including consideration of such matters as the proposed position classification legislation in the fall meeting of personnel directors. Separately the undersigned advised that liaison has been good in the past with the staff of the House Post Office and Civil Service Subcommittee and that we do not anticipate at this time any difficulty in keeping abreast of developments in the Subcommittee.

3. No followup action other than continuing "watch" of the bill is required as a result of this meeting.
